

TEXTURE

Run your hand along surfaces around you, how do they feel?

Using a pencil or crayon, take a rubbing in the space below!

PATTERNS & COLOUR

Patterns and colour are everywhere in nature and buildings.

Use the viewfinder to have a look around you.

Draw your favourites.

ZOOM IN

SHAPES

Shapes and geometries occur in nature and buildings.

Using the viewfinder, see how many shapes you can spot.

Draw and label them.

MATERIALS

Use the viewfinder to see how many different materials there are in your school.

Write them in this box.

VIEWS

Look through the viewfinder to the horizon.
What can you see? The skyline, other
buildings, trees & landscape, people?

Draw what you see below.

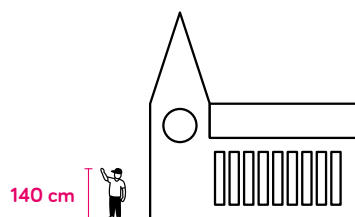

NEIGHBOURHOOD

Walk around the area, what kind of feelings
do you associate with the space around you?

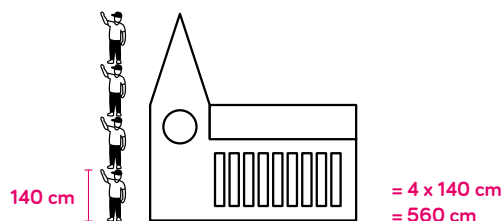

Note down how the spaces make you feel.

SIZE

Guess the height of the
buildings around you
using a human ruler.

One person stands next to the building as the ruler.
The other person counts how many of them it would take
to reach the top.

Multiply that number by the person's height to get the
building's height.
